

Get ADA Assistance

Door-to-door service is available as a priority over all Dial-A-Ride trips for ADA-eligible riders.

- You're eligible for ADA service if your disability prevents you from using the Hood River fixed route bus service. ADA paratransit service only operates within .75 miles of the Hood River fixed route and only for people who are ADA eligible. All our buses are accessible to those with mobility impairments and all drivers are trained to help riders with disabilities.
- With this service we will provide you a door-to-door ride anywhere within this area or to a designated transfer point where you can catch services to the Upper Valley, The Dalles, White Salmon/Bingen, or Portland.
- If you live in Hood River and would like to use our ADA paratransit services, please fill out the eligibility application or give us a call.
- Service is available every day when the Hood River fixed route or the Weekend Trolley fixed route operates during the same hours and days of the week.

Visit www.ridecatbus.org/hood-river or www.ridecatbus.org/trolley learn when those services operate.
